University & Accredited by NBA)

ABOUT THE COLLEGE

Matrusri Engineering College was established in the year 2011 by Matrusri Education Society & it is affiliated to Osmania University, Hyderabad, Telangana.

The College offers BE programmes in Civil, CSE, ECE, EEE, IT and Mechanical Engg. The college has over 100 well qualified faculties and about 50 supporting staff.

ABOUT THE COURSE:

Entrepreneurship Development Programme (EDP) is a programme which helps in developing the entrepreneurial abilities. The skills that are required to run a business successfully is developed among the people through this programme. Sometimes, people may have skills but it requires polishing and incubation. This programme is perfect for them. This programme consists of a structured training process to develop an individual as an entrepreneur. It helps the person to acquire skills and necessary capabilities to play the role of an entrepreneur effectively. An EDP is an effort of converting a person to an entrepreneur by passing him through a thoroughly structured training.

An entrepreneur is required to respond appropriately to the market and he/she is also required to understand the business needs. The skills needed are varied and they need to be taken care in the best possible way.

EDP is not just a training programme but it is a complete process to make the possible transformation of an individual into an entrepreneur.

This programme also guides the individuals on how to start the business and effective ways to sustain it successfully.

PROGRAM OBJECTIVES

The objective of this programme is to motivate an individual to choose the entrepreneurship as a career and to prepare the person to exploit the market opportunities for own business successfully.

The individuals are trained to be an entrepreneur and made competent enough to scan existing market situation and environment. The person, who would be the future entrepreneur, should first set the goal as an entrepreneur.
